- Available as pre-machined
- Available in all Profils Systèmes exclusive colours: Terra Cigala®, Maohé®, Eclats Métalliques®, Profils Color®, Terre de Matières®
- Colour hold guaranteed up to 25 years*

217.9 SERIES

aluminium gate with 40mm slats

A range of aluminium sections designed for the manufacture of **swing** gates (1 and 2 leaves) and **straight sliding** gates (Factory Spirit® design) with horizontal full or openwork slats, 40mm thick. The absence of any top or bottom crossbar, associated with wide 250mm aluminium slats gives the WOLF® gate a modern, pure-lined look.

STRAIGHT DESIGN

DIMENSIONS

Swing gate up to 5.5m wide

- Max. dimensions: W 5500 x H 2000mm
- Filling up to 10 slats

Gate up to 2.75m wide

- Max. dimensions:
 - Width: from 1 000 to 2 500mm
 - Height: from 1 497 to 2 462mm
- Filling up to 10 slats

Sliding gate up to 6m wide

- Max. dimensions: W 6000 x H 2000mm
- Filling up to 10 slats

Aluminium posts

4 dimensions available: 105 / 150 / 180 / 230mm

SLAT DESIGN

- **Horizontal** slats
- **Full** or **openwork** slats
- Stainless **steel look** or other colour edging
- **Full** or **machined** panels

SLATS

- Full slats L40 x H250mm, in extruded aluminium, making the panel particularly rigid
- Slats available in all the ranges of exclusive Profils Systèmes colours

MACHINING

- Reduced number of sections to be cut
- 4 identical machining types per leaf
- Simple, easy and quick manufacture
- Stamping possible for mounting the wheel on the sliding version

ASSEMBLY / HANGING

- The sections are interlocked to a depth of 65mm
- 6.3mm diameter hex cap stainless steel screws are used on an aluminium panel
- All screws are invisible
- The lock is embedded into the sections
- A support can be integrated without any visible crossbar
- No complex shapes, assembly is quick and easy
