

WALLIS & PARK

SERIES 414 Aluminium Carpport - Shelter

Affordable and stylish, the Wallis&Park® aluminium carpport will shelter cars, motorcycles, bikes, e-scooters, campervans, or simply firewood and garden tools.

This shelter's easy-to-maintain aluminium structure withstands the ordeals of time to harbour your belongings against extreme weather, falling branches, tree resin, and of course the sun.

WALLIS & PARK ENERGY

SERIES 414 Aluminium Photovoltaic carport

Producing electricity while protecting your vehicle from bad weather and the sun's rays is an astute solution for savings costs on your energy bills. With its extremely sturdy aluminium structure (with or without gutter), the Wallis&Park® Energy carport is fitted with solar panels that turn sunlight into electrical power, which can then be integrated into the home's electrical supply, thus guaranteeing sustainable optimum use.
